Mt. Clemens, MI 48043

Allen:

Thank you for a job well done!

Although it has been a pleasure working with you on numerous Air Shows across the country, the Denver International Air Show was something special.

We appreciate the endless amount of equipment you had available, the first rate service in set-up, maintenance and tear-down, and your willingness to assist in helping to make an event like this operate smoothly.

We look forward to working with you in the future.

Sincerely,

Charles K. Newcomb
President
