Dear Allen:

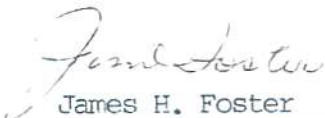

The 1990 Miami Air Show was by far the most successful presentation of this rapidly growing event.

As the show has expanded, particularly corporate involvement, so has the need for increasing numbers of chairs and tents and we are most pleased with the service and quality we get from Miles Chair Rental.

We utilized over 7,500 chairs and 50 tents and all were in proper place on time - a feat of which you can be proud.

I especially appreciate your efforts to accommodate the little last minute adjustments - your efforts were one of the main reasons the show went so smoothly.

Sincerely,

  
James H. Foster  
Air Show Director
